"The best way to get rid of a bad law is to enforce it."—General Grant.

The Civil War is now over in real good fashion. Murphy Post No. 101, G. A. R., at Richmond, Ky., has just passed resolutions heartily indorsing the course of the late Confederate General Fitzhugh Lee in Cuba, and holding him up to the world as a typical American. Amen!

The War correspondents of the Warlike newspapers are doing so much fighting just now with their pens that there will be little use for soldiers with guns. Spain has been already whipped a dozen times over, and she will be wiped off the map, as she should be, before the first real war is fired.

Why have prices of all farm products advanced? It has been asserted that the increase in the price of breadstuffs is due to an unusual demand abroad, but this does not answer or explain the fact that everything else has advanced. The explanation is found in the fact that the factories and the railroads and the mines and all the industries which give employment to men are busy, and that men, therefore, have money to spend for food. Whatever gives constant employment to the population increases the ready market for the products of the farm, orchard and dairy.

ONE of the most remarkable evidences of the business improvement is found in the announcement by The Railway Age that over twenty thousand miles of railways will probably be constructed in the United States in the year 1898. When it is considered that the construction since 1892 has averaged only a little over two thousand miles per annum, and for the three preceding years only about five thousand miles per annum, it will be seen that the activity in this line betokens a wonderful business improvement, especially in the South, where nearly one-half of this construction is promised.

FOREIGN demands for our leather and increased exportations of that article since the adoption of the Dingley Law add to the enervating testimony against the claim that a Protective Tariff reduces our sales abroad.

COMBENT SCHUMANN writes to the State Department from Germany that "American dressed leather is greatly preferred by the local boot and shoe manufacturers to the German article, or in fact to that of any other country," and urges American manufacturers to send their goods to Germany. This foreign demand for our leather is evidently being felt in this country, as the January statement of the Bureau of Statistics shows that the exportation of leather in January, 1898, under the Dingley Law, was nearly double that of January, 1897, under the Wilson Law.

THE BUYERS' GUIDE.
A Hen is Said to Be Immortal, Because Her Son Never Sets!
WE ARE NO HEN, BUT
We Are Laying for Your Trade!

We want all your business—in fact, must have ALL your trade in order to succeed here on the 10 per cent. plan. There is something else that we resemble more than a hen. Can you guess? Our request for all your business may be just a little "hoggish," but when you consider the fact that Furniture and Implements are now 50 per cent. cheaper than twelve months ago, (when The Price Fighter was not a citizen of Maysville) surely you will admit that we are entitled to your consideration.

HERE IS OUR EXCUSE:

WE OFFER YOU THIS SOLID OAK BEDROOM SUITE FOR \$15 98.
Notice the handsome hand-carving on Bed and Dresser. Note the French style Dresser. Serpentine tops on Dresser and Washstand. 24x30 Imported Bavel German Plate Mirror—truly a beautiful Bedroom Suite, and other people have the nerve to ask \$25 for it! We have the pleasure of saying to you that you can have one or a dozen of these suites at \$15 98 each.

FARMERS!
Did you see all those Disc Harrows that your neighbors are buying and hauling out? They all come from The Price Fighter. We are surely the boys to save you \$7 on a Disc Harrow. We still have a few of those wonderful Bell's Center Cut Disc Harrows left, the Harrow with 13 Discs that positively and absolutely cut on the center; never have to overlap. You are cordially invited to call and examine this truly wonderful machine. Remember that we can save you \$7 on a Disc Harrow. How about Plows, Riding and Walking Cultivators, One and Two-Horse Corn Planters? We can save you a lot of \$8 on them. How about Farm Wagons? We are daily expecting our second carload in. We have saved all your neighbors \$10 on a wagon; let us save you \$10. Come to the Fountain Head!

JOHN I. WINTER, Maysville, Ky.,

The PRICE FIGHTER

It's a close race between the Spanish newspapers and the yellow journals of the United States as to which can invent the most unreliable statements.

SENATOR DESOR isn't exactly pleased with President McKinley's Message, thinks, perhaps, that he could have written a much better one—but Congressman PRICH says it's all right.

The success of American manufacturers under the Protective system has been so great that Free-trade England is now calling upon us for steel in all shapes, the latest development being the reported sale of a quantity of American steel plate for use of the Clyde ship builders. The Glasgow Herald, discussing England's iron and steel purchases from the United States, says: "However we may look at it, America is now permanently in the international market as a competitor for the supply of iron and steel."

Careful, conservative management and polite treatment to all. The People's King of the Meatshoppers Will Soon Be Free Again.

"Cage" Muse, the king of Kentucky moonshiners, will soon be free. His term of imprisonment in the Louisville Jail will expire this month.

Muse admits that he has made during the past 31 years 15,000 gallons of whisky, upon which not a cent of taxes was paid to the Government.

He says he has been arrested thirty-three times and has figured in twenty-two desperate battles with revenue officers.

He estimates that he has earned \$30,000 from the making of whisky. He is a typical Kentucky moonshiner—tall, lank and ungainly.

There is talk of reducing the pay of Lexington policemen and adding more men to the force.

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in The Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children.—W. A. SMOOD, Popocate City, Md. For sale by J. James Wood, Druggist.
